

Ref. JBRALLA03

Bralla model planter built with corten steel sheet or lacquered iron, in a square or rectangular shape with folding at the top to avoid possible damage and make it difficult to extract soil, while giving the planter greater rigidity.

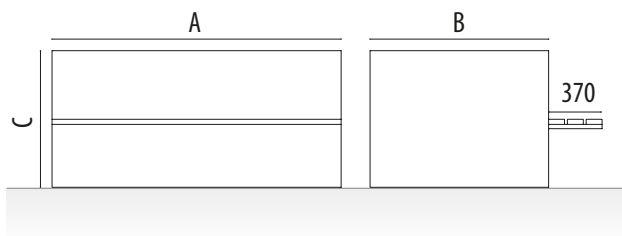

Lower base also made of corten steel or lacquered iron, in smaller sizes to raise the planter.

Glued pine wood strip with rounded edge, fixed on one or more sides of the planter by means of a reinforced structure.

OPTIONAL:

- Lacquered in other colors, laminated finish or stainless steel.
- Bricat corten steel finish (catalyzed varnish).
- Personalization with logo engraving.
- Other measures to consult.

MEASURES AND FINISHES:

Possibility to adapt our planters to hydroplanters.
