

# WOODEN FENCES

## CORD

**Cord fencing** with autoclaved wooden pillars ideal for parks, gardens and enclosures that require a natural wood finish. Light fencing that delimits spaces and the flow of pedestrians without spoiling the landscape.

### FEATURES:

- Standard heights: 1.00 meters high. (Other heights consult).
- Standard post: ø80, ø100 and ø120 mm.

### APPLICATIONS:

Homes and zones residential

Sports zones

Hospitals

Urbanizations

Parks and gardens

Institutes and schools

Farms and lands
