

Ref. JPRI03

Prei model planters built in corten steel with a Bricat finish (catalyzed varnish). With this finish we achieve a more elegant and smooth appearance on the final surface of the planter.

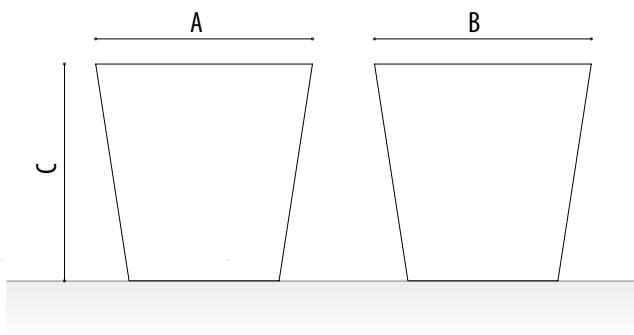

The standard finish of the corten steel planters only have an activator to achieve the natural oxide finish but with a less elegant appearance.

OPTIONAL:

- Lacquered in other colors, laminated finish or stainless steel.
- Bricat corten steel finish (catalyzed varnish).
- Personalization with logo engraving.
- Other measures to consult.

MEASURES AND FINISHES:

Standard finishes	A (mm)	B (mm)	C (mm)	References
Corten steel	700	700	500	JPRI03
Corten steel	700	700	700	JPRI04
Grey oxiron	700	700	500	JPRI03L
Grey oxiron	700	700	700	JPRI04L

Possibility to adapt our planters to hydroplanters.
