

**Square urban drinking fountain** in oven lacquered zinc-plated steel for greater corrosion resistance. Drinking fountain with 150x150 mm square steel column and stainless steel tap mounting plate. Chrome-plated steel tap with push-button system included.

Ideal installation in parks, schools, gardens, streets, etc....

### STANDARD FINISHES:

Oxiron grey..... **Ref. FUCU01**

### Advantages:

- Vandal-resistant security screws to prevent fountain accessories from being stolen (tap, tap fixing plate, etc....).

Vandal-resistant security screws

- Finish in oven lacquered zinc-plated steel for greater corrosion resistance.
- The tap and its fixing plate are interchangeable with the ones belonging to some of our fountain models (Gota, Square, Drop, Prisma Dogi, Puppy, Fox, Pug, Dingo, Cor), thus reducing maintenance stocks.
- Plate ground installation by means of metal screw threads.
- See different options to supply our drinking fountains with further advantages.

### Optional:

- Front or rear opening for possible repairs. It can be customised in stainless steel with a logo or text decoration of the Municipality.

Opening in lacquered or stainless steel with customisation.

Vandal-resistant security screws.

- Customisation with the Municipality logo or coat of arms.

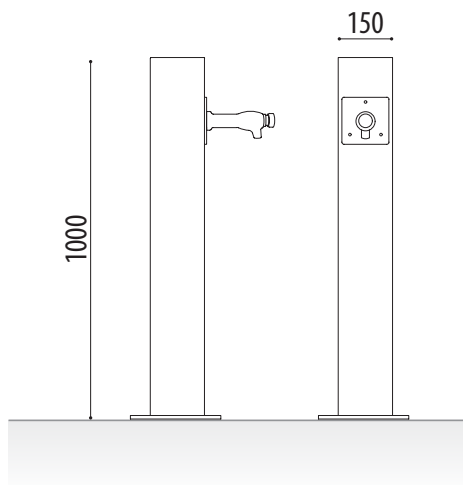

# OUTDOOR FOUNTAIN SQUARE

## SIZE:

Width: 150x150 mm.

Height: 1000 mm.

Base plate: 250x250 mm.

## GRATES (OPTIONAL):

Grate to choose among a wide variety, including models which are screwable to the ground with security screws (thus preventing their theft).
